*Huda Al-Qatami, M.Ed., LPC \* Licensed Professional Counselor \* DHR Approved Clinical Evaluator*

## DHR Approved Clinical Evaluations

If you require a DHR Approved Clinical Evaluation for either a first DUI conviction (if your arrest was on or after 7/1/2008) or multiple DUI convictions, you will first have to complete the DUI school and have the school fax to me the following information (we can not schedule an appointment until I have these forms):

- Your NEEDS Assessment results from the DUI school (approximately 7-9 pages). Please note that you can not bring this information with you, it has to be faxed directly to me from the DUI school. You will have to go to the DUI school and sign a release and pay a fee.
- Paperwork from the DUI school can be faxed to 770-953-0031, attn. Huda. My DHR Clinical Evaluator number is 1642. Please call me to make an appointment once your paperwork has been faxed.

Also, please bring with you the following information:

- Your certificate of completion (from the DUI School).
- An official, current copy of your ten (10) year driving history/record (or your 7 year driving history/record, if the 10 year is not available). You can get this from the DDS and you can go to [www.dds.ga.gov](http://www.dds.ga.gov) to find locations. Please do not get it online, as this is not an official copy. Please go to the DDS office to obtain your copy.

We can then schedule an appointment to meet for approximately 1-2 hours to complete the evaluation.

**Note:** Please let me know if you have completed any substance abuse counseling prior to your evaluation.

### Fees

- Fees for DHR Approved Clinical Evaluations range from \$150-\$200.
- Payment is expected at the time services are rendered and I accept payment by cash, all major credit cards and debit cards (no personal checks please).

The DHR website for the DUI Intervention Program is [www.mop.uga.edu](http://www.mop.uga.edu).
